

Go to <http://napaonline.com>

**On the Left Hand Column under Current Vehicle**

Click: Select a vehicle

Select: vehicle Year

Select: vehicle Make

Select: vehicle Model

Click: Submit

**Under Parts**

Select: Fuel and Emissions Systems

Select: Fuel Injection Parts

**You may then be prompted to select an engine option**

Select: engine type or I don't know

Click: Submit

If any other selections are prompted click on appropriate answers

You will then arrive at the page for Fuel injectors.

Under Product Name Click: Fuel Injector

You will then be looking at a photo of the fuel injector.

**Under the product image**

Select: the view that will show you the connector.

You can then click on the photo to enlarge it for a better view.

Compare the connector ends to the images on our Conversion Guide Page.

This works in about 90% of the cases.
